DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3 & 12-14 are rejected under 35 U.S.C. 102(b) as being anticipated by JP 2002-295888 (Daikin IND LTD). Daikin discloses a indoor unit for an air conditioner comprising: a casing (2), an outlet (7), a plurality of horizontal flap like blades (11,12), and blades are disposed in a freely open/closed position. The front panel is shown and appears to cover the casing and the blades.

Allowable Subject Matter

Claims 4-11,15 & 16 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments with respect to claims 1-16 have been considered but are moot in view of the new ground(s) of rejection.
